2021 AUTHORITY BUDGET MESSAGE & ANALYSIS LAMBERTVILLE MUNICIPAL UTILITIES AUTHORITY BUDGET

FISCAL YEAR: FROM: JULY 1, 2020 TO: JUNE 30, 2021

Answer all questions below. Attach additional pages and schedules as needed.

1. Complete a brief statement on the 2021 proposed Annual Budget and make comparison to the 2020 adopted budget for each Revenues and Appropriations. Explain any variances over +/-10% (As shown on budget pages F-2 and F-4 explain the reason for changes for each revenue and appropriation changing more than 10%) for each individual revenue and appropriation line item. Explanations of variances should include a description of the reason for the increase/decrease in the budgeted line item, not just an indication of the amount and percent of the change. Attach any supporting documentation that will help to explain the reason for the increase/decrease in the budgeted line item.

The Authority's 2021 budget shows an increase of \$63,493 or 3.3%. The increase is due to increase in various line items to reflect increases shown during the current fiscal year. On the revenue side, connection fees are anticipated to decrease by 20.7% as an indication of less development in our service area. Professional Services are anticipated to increase due to greater trustee fees from a new loan from the NJIB and legal expenses from new capital projects. The cost of chemicals for providing services are anticipated to increase due to additional odor control chemicals being used. Miscellaneous COPS for providing services is anticipated to increase based on additional safety wear for COVID-19 protection. The interest portion of our debt service is projected to decrease as reflected in the payment schedule from the New Jersey Infrastructure Bank. There are other minor increases throughout the proposed annual budget to reflect increases in anticipated expenses.

2. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Budget/Program. (Example Consider New Development projects such as Housing /Commercial projects impact on the Authorities expenses or revenues)

The corona virus pandemic has had an impact on the local economy and a corresponding minor impact on revenues collected for the current budget and probably also on the proposed budget. Based on revenues for the month of April, 2020, we have seen a slight decrease in revenues collected, primarily from commercial accounts that have a surcharge for higher water usage. Residential user fees have remained relatively steady. We do not anticipate any issues with meeting the proposed expenditures so no deficit is anticipated.

3. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget and or Capital Budget, i.e. rate stabilization, debt service reduction, to balance the budget, etc. If the Authority's budget anticipates a use of Unrestricted Net Position, this question must be answered.

Unrestricted Net Position is utilized in the budget to fund a portion of the 2020 Capital Program and to transfer funds to the City of Lambertville to use to help balance their budget.

4. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or a shared service payments, pilot payments, or other types of contracts or agreements (Example to provide police services to the Authority etc. and explain the reason for the transfer (i.e.: to balance the County/Municipality budget, etc.).

Unrestricted Net Position will be used to transfer funds to the City of Lambertville as a budget subsidy to help balance the City's budget.

5. The proposed budget must not reflect an anticipated deficit from 2020/2020-2021 operations. If there exists an accumulated deficit from prior years' budgets (and funding is included in the proposed budget as a result of a prior deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

The Authority intends to continue paying the pension bill from the State for the Authority's portion of the pension liability until sometime in the future that the liability is eliminated.

6. Attach a schedule of the Authority's existing rate structure (connection fees, parking fees, service charges, etc.) if it has been changed since the prior year budget submission and a schedule of the proposed rate structure for the upcoming fiscal year. Explain any proposed changes in the rate structure and attach the resolution approving the change in the rate structure, if applicable. (If no changes to fees or rates indicate.

Attached is a copy of the Authority's current rate schedule. These rates went into effect on July 1, 2019. No increase in user fees is anticipated for the upcoming fiscal year. Connection fees may change. Our accountant has not calculated the permissible connection fee and the Commissioners have not considered if the connection fee will or will not be changed.
