2026 AUTHORITY BUDGET NARRATIVE AND INFORMATION SECTION

2026 AUTHORITY BUDGET MESSAGE & ANALYSIS

Lambertville Sewerage Authority

FISCAL YEAR: July 01, 2025 to June 30, 2026

Answer all questions below using the space provided. Do not attach answers as a separate document.

1. Complete a brief statement on the Fiscal Year 2026 proposed Annual Budget and make comparison to the Fiscal Year 2025 adopted budget for each Revenues and Appropriations. Explain any variances over +/-10% (as shown on budget pages F-2 and F-4) for each individual revenue and appropriation line item. Explanations of variances should include a description of the reason for the increase or decrease in the budgeted line item, not just an indication of the amount and percent of change. Upload any supporting documentation that will help explain the reason for the increase or decrease in the budgeted line item.

The proposed budget shows an overall increase of 10.1% when compared to the current budget. For revenues, residential user fees are up due to an increase in user fees. The intergovernmental revenue is also up due to higher flows from our customer agencies. Miscellaneous revenues are up to reflect an increase in this category during the current year.

Appropriations are up 10.1% overall reflecting increased costs for various line items and the cost to transition to a new executive director. This increase is reflected in the Salary and Wages and Fringe Benefits line item. The current executive director is retiring at the end of 2025 and the budget anticipates a replacement for a six month transition. Professional Services are increased to relect increased costs incurred in this area. Insurance is also increased to reflect the higher cost of insurance in the market place and flood insurance required for a rebuilt pumping station. Sludge line item is increased to reflect increased costs of disposal of sludge. Maintencance Services are also increased which is reflective of the age of equipment at the treatment plant. Total interest payments on debt service is decreased as reflected in the debt service schedule.

2. Describe the state of the local/regional economy and how it may impact the proposed Annual Budget, including the planned Capital Program.

The local economy is stable and even growing. Revenues have icreased over time with commercial and residential units being brought back on to the system. The increased revenue will be used for some new capital projects and to pay for debt service in the future for other projects.

3. Describe the reasons for utilizing Unrestricted Net Position in the proposed Annual Budget (i.e. rate stabilization, debt service reduction, to balance the budget, etc.) If the Authority's budget anticipated a use of Unrestricted Net Position, this question must be answered.

Unrestricted Net Position is utilized in the budget to transfer funds to the City of Lambertville to use to help balance their budget.

Answer all questions below using the space provided. Do not attach answers as a separate document.

4. Identify any sources of funds transferred to the County/Municipality as a budget subsidy or shared service payments, **pilot** payments, or other types of contracts or agreements. (Example - To provide police services to the Authority, etc. and explain the reason for the transfer (i.e. to balance the County/Municipal Budget, etc.)

Unrestricted Net Position will be used to transfer funds to the City of Lambertville as a budget subsidy to help balance the City's budget.

5. The proposed budget must not reflect an anticipated deficit from 2025 operations. If there exists an accumulated deficit from prior year's budgets (and funding is included in the proposed budget as a result of a prior year deficit) explain the funding plan to eliminate said deficit (N.J.S.A. 40A:5A-12). If the Authority has a net deficit reported in its most recent audit, it must provide a deficit reduction plan in response to this question.

The Authority intends to continue paying the pension bill from the State for the Authority's portion of the pension liability until sometime in the future that the liability is eliminated.

(Prepare a response to deficits in most recent audit report pertaining to Deficits to Unrestricted Net Position caused by recording <u>Pension and Post-Employment Benefits liabilities as required by GASB 68 and GASB 75</u>) and similar types of deficits in the audit report. How would these deficits be funded?
